PROOF OF ID, ACCREDITATIONS & TRAINING

How often do your staff turn up on site and find they have forgotten their company ID card or proof of industry accreditations and end up having their access delayed or denied?

Digital ID is a simple yet secure solution to verify staff identity, prove employment, training & accreditations. To help prevent identity fraud and non-compliance, 3rd parties can simply scan a secure QR code or receive a secure link by SMS text or email.

Store pictures & documents

Scan QR code, send text or email

Secure, controlled access to information

Live reporting of profile views

What does Digital ID include?

- ✓ Set up an ID profile page for each field worker
- ✓ Add documents, logos, photos etc to each profile
- ✓ Mark these as visible or not to 3rd parties
- ✓ Add expiry dates against accreditations and training
- ✓ Each field worker uses the pro-Forms® mobile app
- ✓ Field workers' unique QR code displayed in the app
- ✓ ID profile accessed by scanning QR code or sending a unique link by SMS text or email
